

President's Message

Building on the Remarkable FCSS Legacy

November 2024

With the excitement of the election now behind me, I offer my heartfelt gratitude for the trust and confidence you have placed in me to lead our Association.

It is an honour and privilege to be stepping into the esteemed role of FCSSAA Board President, especially considering the remarkable efforts and contributions of Murtaza Jamaly. I want to acknowledge Murtaza's unwavering dedication to the role and give you my word I am committed to building upon the foundations that have been established by those who came before me.

The FCSS program is pivotal to our communities, and I look forward to fostering and strengthening relationships with our stakeholders and government partners, to advocate for our programs and the interests of our communities.

I firmly believe our success is a collective effort and our strength lies in our unity. I am eager to work closely with this year's Board, the Directors' Network, FCSSAA staff and all of you, to achieve our shared objectives. Please be encouraged to actively participate, share your ideas and contribute your expertise. Together, we are building on the remarkable FCSS legacy that will inspire generations to come. Let's work hand in hand to ensure that in another 50 years, our future generations inherit an even stronger and more successful FCSS legacy.

Thank you once again for your support and this extraordinary opportunity to serve as your President. I am looking forward to the journey ahead, and I am confident that together we will achieve great success; we truly are stronger together.

Kayla Blanchette,
FCSSAA President
